

Prisma*Natural*

Feel the Natural Richness of the Sea  
in your Skin

*PrismaNatural*

The French island of Noirmoutier, located in the Atlantic ocean, is known as the island of Mimosas since it enjoys such a mild climate that allows this tree to remain in bloom during the entire year.

Our unique active ingredient comes from the profundities of the cave located in the heart of this place where the Earth Marine Water is extracted. This deep seawater is a must in the formulation of all the products in our Sea BEAUTY line.

This water has evolved over centuries to become a natural treasure that counts with exceptional purity and mineral quality, creating a PROTECTIVE AND VITAL ENVIRONMENT.

IN VIVO STUDIES have shown that EARTH MARINE WATER acts deeply on the skin, providing BRIGHT LIGHT.

Its richness in minerals preserves and protects wonderfully the BALANCE OF THE SKIN by executing a detoxifying, antioxidant, and antipollution action.

THE RESULT: PURIFIED, REVITALIZED, AND RADIANT SKIN.\*

After a long and careful research process, we have formulated Sea BEAUTY products combining sustainable active ingredients from different corners of the world, ensuring that your skin gets exactly what it needs at every moment.

IMMERSE YOURSELF IN THE NATURAL RICHNESS OF THE SEA DEPTHS. ITS DELICATE, ALLERGEN-FREE FRAGRANCE WILL MAKE YOU EXPERIENCE THE INFINITE OCEAN BREEZE.

## IN VIVO \* STUDIES

**EARTH MARINE WATER:** marine thermal water from the French island of Noirmoutier Within vivo studies demonstrating its associated benefits of remineralization, detoxification, and luminosity to the skin after 14 days of daily application. Ecocert and Cosmos certified.

**CYBRIGHT:** an active ingredient extracted from organic Rainbow Algae, sustainably harvested and recognized due to their iridescence in the sea. Within vivo studies demonstrated luminous skin in 87% of volunteers after 4 weeks of use. Ecocert and Ecocert certified.

**EPS SEA GLOW:** an active ingredient from marine biotechnology of sustainable crops in Brittany, France, Within vivo studies showing that 90% of volunteers regain pink skin tone after 28 days of use, promoting optimism and self-esteem. Ecocert and Cosmos certified.

**ACTIBIOME:** a prebiotic based on marine active ingredients with studies showing its efficacy in protecting the microbiota and achieving a healthier complexion after one week of use. Ecocert and Cosmos certified.

**EYE'FFECTIVE:** an active ingredient based on white flowers, Within vivo studies showing an illuminating effect for bags under the eyes after 14 days of use. Restores firmness with a lifting effect on the upper eyelid and reduces bags under the eyes for a complete rejuvenating result after 28 days. Cosmos certified.

**CITYGUARD:** an enriched seawater molecule that forms a second protective anti-pollution skin. In vivo studies have shown that it reduces eye contour wrinkles (32%) and puffiness (24%). In addition, 50% of the volunteers experienced an improvement in the youthful appearance of the skin after 28 days of use.

**EPIDERMIST 4.0:** a marine exopolysaccharide with clinical studies showing that it improves cell renewal by 31% and improves and smoothes skin texture by 19% after 28 days of use.

**FUCOCERT®:** Within vivo studies demonstrating its effectiveness in restoring well-being and comfort to your skin with associated moisturising and anti-aging benefits. Ecocert and Cosmos certified..

**WAKAPAMP:** sustainably extracted mekabu oil. "Concentrate of life" helps rebuild the skin's hydrolipidic film by stimulating proteoglycans and epidermal lipids. In vivo tests show that in 4 hours the skin regains the hydration of normal skin,

increased elasticity, producing a non-greasy satin effect, with reduced discomfort in reactive and/or damaged skin.

**EPS BRIGHT:** a revolutionary anti-pollution active ingredient. Within vivo studies show that 96% of volunteers saw a reduction in blackheads and 92% of people found the skin more homogeneous after 56 days of use. It counteracts the effects of pollution which causes pigmentation by 71% and those effects that lead to inflammation by 45%. It reduces blackheads by 6% after two weeks of use and after 8 weeks of treatment, this increases to 20%. Ecocert certified.

**WONDERAGE™:** an active ingredient based on the fruit of longevity that balances the epigenetics of mature skin and combats the technological neck syndrome. A neuro-study supported by artificial intelligence shows that in 67% of volunteers it had an impact on their emotional well-being after 56 days of treatment. In vivo studies with volunteers showed that after 56 days of use 67% had more hydrated skin, 66% had more luminous skin, in 46% the skin was denser and in 18% there was a reduction of wrinkles around the eyes. Cosmos certified.

**FOSSILISED MARINE PEARLS:** from diatomaceous earth from the Danish Islands, composed of thousands of different species of microalgae that make up the marine plankton, ideal as exfoliating particles for deep cleansing, removing impurities, to leave the skin soft.

**RED ALGAE:** algae from the deep sea that is capable of surviving in extreme conditions. Particularly rich in proteins, minerals, and carbohydrates, forms a protective film on the skin with associated moisturising benefits. In vivo studies show that volunteers noticed that the skin was 19% more hydrated and firmer for 8 hours, just two hours after application. With antioxidant properties.

## SeaGlow

Facial Serum. 30ml. 1 FL. OZ.

Facial Serum, with an ultra-fluid texture, formulated with a sophisticated cocktail of **ALGAE, MARINE PREBIOTICS, EXOPOLYSACCHARIDES, AND EARTH MARINE WATER.**

- 🌿 **ACTIBIOME** reinforced microbiota and skin protection.
